Personal statement

Passionate about technology from a young age, I embarked on a journey in the phone market where I discovered the intriguing world of code. This experience led me to join Advanced Elite PC Solutions, where I honed my skills in unlocking phones and gained expertise in repairing PCs, laptops, game consoles, and phones.

Seeking new challenges, I transitioned to GB Lining Services, starting as a labourer and progressing to become a project manager. Throughout my tenure, I excelled in completing jobs with professionalism, particularly showcasing my expertise in plastic welding.

Now, I am determined to pursue my lifelong dream of working in software development and game development. With a solid foundation in technology, a track record of professional excellence, and a genuine passion for these fields, I am confident in my ability to contribute positively to a dynamic and innovative organization.

Thank you for considering my application. I look forward to discussing how my diverse skill set and unwavering dedication align with your organization's vision and goals.

Key Skills

- Friendly and passionate
- Proficiency in all areas of Microsoft Office, including Access, Excel, Word and PowerPoint
- Excellent communication skills, both written and verbal
- Keen learner with good independency and team work qualities

Employment History

August 2009 – February 2010 Sales Assistant • Assistant • Pitsea Market

As a Sales Assistant at Pitsea Market, I provided excellent customer service and performed mobile phone unlocks. I developed strong interpersonal skills while assisting customers and handling sales transactions.

February 2010 – November 2011 Computer Technician • Technician • Advanced Elite PC Solutions

At Advanced Elite PC Solutions, I served as a Computer Technician. I conducted computer repairs, performed IT systems maintenance for businesses, and handled tasks such as antivirus installation and Windows/application updates. Additionally, I actively participated in sales, effectively promoting and selling computers.

January 2012 – July 2023 Welding Technician • Project Manager • GB Linings Ltd.

During my time at GB Linings Ltd., I began as a Welding Technician and later transitioned into the role of Project Manager. As a Welding Technician, I gained valuable experience and honed my skills in welding techniques. In addition, I pursued and achieved my NVQ Level 2 certification in gas membrane installation, further enhancing my expertise in the field. As a Project Manager, I successfully managed projects, consistently delivering results ahead of schedule. Our team's exceptional performance earned us recognition from gas membrane testers, who acclaimed us as one of the best in the country.

With a strong foundation in sales, computer repair, and project management, I am now ready to pursue my passion for coding. I have been actively engaging in coding courses and continuously practicing my skills through projects. You can explore my portfolio website at aroscoe93.github.io/MyPortfolio to see examples of my work.
